

# Pinnacle Studio™ 19 Ultimate

Your movies look their best from every angle with the power of Pinnacle Studio™ 19 Ultimate and its new Multi-Camera Editor. Edit footage from up to 6 cameras, and align clips automatically with Audio Syncing. Balance foreground and background sound with new Audio Ducking. Take on any editing project with confidence thanks to 64-bit speed, unlimited-track frame-accurate editing in 4K, HD and 3D, and broad format support, including new XAVC and DVCPRO HD decoding, and VFR and MXF.

## New in Pinnacle Studio 19 Ultimate

### Multi-camera editing

Make your movies look their best from every angle with the the new Multi-Camera Editor. Edit footage from up to 6 cameras, switch angles, cut and delete, and add transitions to smoothly connect your footage. Align clips automatically with Audio Syncing, or use markers, date/time or manual syncing. Combine your multi-camera results with the picture-in-picture effect to add excitement to your movie.

### Audio Ducking

Get professional-quality sound with new Audio Ducking, which detects dialog or narration and automatically lowers the volume of background sound.

### Optimized for the latest technologies and formats

Building on its proven 64-bit performance, Pinnacle Studio 19 Ultimate is optimized for Intel's 6th Generation processor (Skylake) and includes support for several new video formats.

### New creative effects

Explore endless creative possibilities with over 800 presets and more than 65 plugins from industry leader NewBlue, including new Video Essentials IV.

### Free online training

Get a 30-day all-access pass to StudioBacklot.tv, featuring new Pinnacle Studio content (training in English only).

# Pinnacle Studio™ 19

Your life in video: Mastered

Ultimate
